Occupational Therapy - NUI Galway Occupational therapists work with both children and adults with acquired conditions such as stroke or spinal cord injury, people with mental health problems or congenital conditions such as cerebral palsy or spina bifida, and with many others. Program of Study - LearnAlberta.ca Selected curriculum outcomes from Alberta Education's Information and Communication Technology (ICT) Program of Studies are infused throughout the 20-level and 30-level sciences so that students will develop a broad perspective on the nature of technology, learn how to use and apply a variety of technologies, and consider the impact of ICT on individuals and society. Find a Supervisor/PhD Project - NUI Galway One of the most important parts of choosing a research programme is finding a supervisor who has relevant expertise in your area of interest. When you find a supervisor who, or a project that, aligns with your research interests, you should make contact with the relevant potential supervisor/lecturer/Professor or NUI Galway staff member to discuss matters further. SuperMemo: Incremental learning The incremental learning derives its name from the incremental nature of the learning process. In incremental learning, all facets of knowledge receive a regular treatment, and there is a regular inflow of new knowledge that builds upon the past knowledge.
