Microsoft Research, USA Brand architecture - Wikipedia Brand architecture is the structure of
brands within an organizational entity. It is the way in which the brands within a company's
portfolio are related to, and differentiated from, one another. The architecture should define the
different leagues of branding within the organization; how the corporate brand and sub-brands
relate to and support each other; and how the sub-brands reflect or ... November 5, 2010 Build

Kindervag HOK | A Global Design, Architecture, Engineering and ... HOK is a global design,
architecture, engineering and planning firm. Cummins Corporate Office Building - Wikipedia The
Cummins Corporate Office Building in Columbus, Indiana is a modernist office building
designed by Kevin Roche. Constructed in 1983, the building serves as the corporate
headquarters of the Cummins engine company. It was constructed on an old railroad yard and
is unique for being built around the Cerealine Building, which was Cummins' first factory
building. Resources - Australian Institute of Architects - AIA Education resources. The Institute
has prepared a Becoming an Architect brochure for secondary school students with information
on careers in architecture. See also the Australian Government Job Outlook site, and this
article by the NSW Architects Registration Board: What does an architect do?. The
'Architecture and Children' project delivers information for primary and secondary schools on ...
