Fundamentals of Corporate Finance Brealey 7th Edition Solutions Manual Fundamentals of Corporate Finance Brealey 7th Edition Solutions Manual Financial economics - Wikipedia Financial economics is the branch of economics characterized by a "concentration on monetary activities", in which "money of one type or another is likely to appear on both sides of a trade". Its concern is thus the interrelation of financial variables, such as prices, interest rates and shares, as opposed to those concerning the real economy. It has two main areas of focus: asset pricing and ...
